Introduction

The Armed Forces Covenant Partnership for Lincolnshire is a forum of public bodies, health, community and voluntary organisations and the Armed Forces Community to ensure the Covenant is honoured within Lincolnshire.

It brings all partners together, to work in unison with the same objectives and aspirations to support members of the Armed Forces Community within Lincolnshire. The Partnership will provide leadership and direction, and monitor the delivery of the Armed Forces Covenant by all signatories in Lincolnshire.

Armed Forces Covenant Foreword

"It is an immense privilege to introduce the exceptional support that the Lincolnshire Armed Forces Covenant Partnership brings together. Support to Armed Forces personnel and their families, whether serving or retired, is a major part of the bond between our nation and those who protect it. This document draws together the organisations and sources of advice and help available to Armed Forces families in Lincolnshire. I commend it, express my gratitude on behalf of Armed Forces personnel and their families to all the organisations for their support, and hope that everyone uses this book to gain all the advice that they need."

Connect to support Lincolnshire

Following extensive research this directory was co-produced with input from service families, HIVEs and veterans' associations. It was, without exception, that people wanted a directory where they could find not only national information, but regional and local information where they could seek help, support and advice.

We have now produced this simple but effective directory which lists a wide range of national, regional and local organisations providing support and advice to the Lincolnshire Armed Forces Community including:

**Need help or
support?**

Physical & Mental Health
Finance, Benefits & Hardship
Children, Young People & Families
Employment & Training
Support & Social Groups
Housing & Homelessness
