

LIGHTING

Are there any problems with lighting in the property?				
				
Very bright from the sun because there is no window shading such as blinds or net curtains	Dark because light fixtures or bulbs are broken	Dark because windows are dirty	Dark because windows are shaded by trees or bushes	
				
Dark because I keep the curtains closed	I can't easily turn on my lights when getting up from bed at night	There is no lighting outside the property	I only use lamp light	There are no working lights in the property
