

# BEDROOM

Do you have any potential problems with your bedrooms?			
			
Some of the bedrooms don't have heating	The boiler is in a bedroom	Some of the bedrooms have an open fire	There are signs of damp or mould
			
Some members of the household do not have a bed to sleep in	Too many people are sleeping in the same room	I cannot turn a light on or off easily when I get out of bed	
Which image generally reflects the level of clutter in your bedrooms?
